Team Schedules:

USFAA's intercollegiate sports schedules are subject to change. For information about your favorite Falcon sport teams, visit our web site at www.GoAirForceFalcons.com

Dear Falcon Fan

Welcome to your United States Air Force Academy (USAFA) and the beautiful city of Colorado Springs. We are very proud of our world-class facilities and venues and are excited to share them with you. Thank you for taking the time to come out and support our incredibly talented cadet-athletes as they compete on the “fields of friendly strife”!

USAFA competes as a Division I member of the National Collegiate Athletic Association (NCAA) in 27 different sports. We also field two non-NCAA affiliated sports, boxing and cheerleading, which brings our total sports offered to 29.

The majority of our teams compete in the Mountain West Conference, while others compete in conferences such as the Atlantic Hockey Association and the Mountain Pacific Sport Federation, to name a few. Regardless of which conference our teams are associated with, they all compete against numerous non-conference opponents, many that are nationally ranked, with special emphasis on our sister service academies.

In addition to cheering on your Falcons, we encourage you to visit the Air Force Academy Gift Shop, located inside the Barry Goldwater Visitor Center, as well as the many friendly businesses that support Air Force athletics in the local community.

U.S. AIR FORCE ACADEMY

The Air Force Academy became a reality on April 1, 1954, when President Dwight D. Eisenhower signed the bill establishing it as a separate service academy. In 1954, Harold E. Talbott, then Secretary of the Air Force, appointed a commission to assist him in selecting the permanent site. Secretary Talbott selected the site near Colorado Springs over 580 proposed sites in 45 states.

The first USAFA class entered in July 1955 at temporary facilities at Lowry Air Force Base, Denver, Colo. Construction of the permanent location started in 1955 and the cadet wing moved into its permanent home in late August 1958. The first class was commissioned as second lieutenants in June 1959.

There were 206 members in the first class. Five years later, President Lyndon B. Johnson signed a bill into law authorizing an increase in the number of cadets in the cadet wing from 2,529 to 4,417.

The Visitor Center’s hours are 9:00 a.m. – 5:00 p.m. daily, with the exception of Christmas and New Year’s Day. All profits from our Gift Shop directly support our cadet-athletes.

We believe strongly in the benefits of athletic competition and recognize that you, our loyal fans, help enhance the mission of developing leaders of character for our Air Force and our nation. Again, thank you for your support of Falcon Athletics.

DR. HANS MUEH
Director of Athletics

President Gerald R. Ford signed legislation on Oct. 7, 1975, that permitted women to enter the nation’s military academies. Women entered the Air Force Academy for the first time on June 28, 1976, and that class graduated in May 1980. Throughout its history, one theme has been constant and persistent -- a “Commitment to Excellence.”

EVENT SECURITY POLICIES

The safety and security of our fans are our primary concerns on game day; therefore, the Event Security staff may request inspection of all bags for entrance into all our athletic venues. Patrons may refuse to have a bag inspected and choose instead to return the bag/item to their vehicle or choose not to be granted admittance to the event. (Note: No ticket refunds will be given.)

ITEMS PROHIBITED IN ALL ATHLETIC VENUES:

Alcoholic beverages; artificial noisemakers of any kind; backpacks to include bota bags, wine-skins and camelbacks; bags larger than 8x11 inches; hard-sided containers; banners or large signs (no signs any larger than hand-held poster 18"x24"); food or drink (the Cadet Gymnasium is the exception); glass containers or cans; items that cannot be readily inspected; items deemed unsafe by security personnel; laser pointers; pets (other than working service dogs); sticks, poles or umbrellas; weapons, firearms or fireworks; and flash photography.

ITEMS PERMITTED IN ALL ATHLETIC VENUES:

Infant carrier packs and diaper bags (if the infant is present); handheld video cameras; factory-sealed transparent soft plastic water bottles, 24 oz. or less; and empty transparent soft plastic bottles, 24 oz. or less.

The Directorate of Athletics thanks all patrons for their cooperation with these policies so that every fan can have a safe and secure game experience.

Falcon Stadium

At an elevation of 6,621 feet, Falcon Stadium has been a fixture on the Rampart Range landscape since Sept. 22, 1962, when a then-overflow crowd of 41,350 saw the Air Force football team win the game versus in-state rival Colorado State, 24-0.

Prior to the 2006 season, a state-of-the-art surface, FieldTurf™ replaced the previous mix of Kentucky Blue and rye grasses that were planted in 1996. The change from grass to FieldTurf was primarily for athlete safety. The new turf covers 84,480 square feet with an additional 26,520 square feet of natural grass surrounding it. Falcon Stadium currently has a seating capacity of 46,692.

DIRECTIONS TO FALCON STADIUM

Cadet Field House

The Cadet Field House is considered to be one of the premier sports structures in the country. The three-in-one building was completed in the spring of 1968. It was designed for intercollegiate competition and practice in track, basketball, and ice hockey. Approximately one-half of the building is a multipurpose area contain-

ing a one-sixth mile, six-lane tartan surface track with a synthetic turf surfaced infield, approximately the size of a standard football field. The netted area is approximately the size of a baseball infield and is an ideal practice area for the varsity baseball and lacrosse teams. The multipurpose area is used for indoor track and field meets,

inclement weather practice sessions for all outdoor varsity sports, instructional golf classes, aerobics conditioning and fitness testing.

Clune Arena has a seating capacity of 5,858, while the Cadet Ice Arena seats 2,502. Clune Arena is also used for basketball, wrestling and boxing events.

The Falcon Athletic Center (FAC), which was part of a military construction project, totals 161,000 square feet and includes one of the premier strength-training facilities in the nation. The building opened in July 2003.

The FAC houses new sports medicine and weight training facilities, as well as a new football locker room, football team meeting facilities and equipment and storage issue facility. In addition, the athletic administration and football program personnel have offices in the FAC.

Falcon Athletic Center

The Athletic Hall of Excellence is housed on the main level (3rd floor) and honors USAFA graduates who excelled in physical education, intramurals and intercollegiate athletics and who have gone on to achieve significant postgraduate leadership positions.

Cadet Gymnasium

The Cadet Gymnasium is not your typical “gym” as the name implies. It is the standard by which multipurpose athletic complexes are judged across the nation. The building contains an Olympic size pool; water polo pool; gymnastics room; wrestling and boxing rooms; rifle range; squash courts; racquetball/handball courts; a multipurpose area for boxing, weight training, fencing and judo classes; four indoor tennis courts; and three gymnasiums which can be used for such activities as basketball, tennis or volleyball.

The Cadet Gymnasium is used for physical education classes, intramural and intercollegiate practice/competition. The two swimming pools cover almost 20,000 square feet of the facility. The water polo pool (7,154 square feet) is primarily used by the water polo team for practice and competition.

The Olympic pool (11,928 square feet) has an 18-foot diving well and is equipped with two one-meter boards, two three-meter boards as well as a five-meter and a 10-meter platform. The Olympic pool seats more than 800 spectators.

In addition to the indoor facilities, on the south side of the gym are outdoor tennis courts, basketball and team handball courts.

Outdoor facilities associated with the gym include 57 athletic fields (143 acres) for intercollegiate and intramural sports, two baseball diamonds, a 400-meter all-weather track stadium, a varsity soccer stadium that seats more than 1,000 fans and restroom facilities.

The Cadet Lacrosse Stadium is an artificial turf stadium located north of the Cadet Gymnasium which seats 2,000 for home games.

DIRECTIONS TO THE CADET GYMNASIUM

Take Interstate 25 to the North Gate exit (#156B); Take the second left turn (Parade Loop) after entering USAFA, then turn right on to Field House Drive; Follow Field House Drive to the east parking lot of the Cadet Field House.
